

Kylie give me just a chance, let's go pop some Xans  
Let me take you to my home, so I can watch you move  
Shawty popped another bean and she got molly eyes  
Now she want me, tonight I might just slide between her thighs  
Kylie give me just a chance, let's go pop some Xans  
Let me take you to my home, so I can watch you move  
Shawty popped another bean and she got molly eyes

Three, two, one, fuck your bitch  
Smoking zaza, poppin' pills  
Four, five, six, make some moves  
Bitch, you can't get in my groove  
Kylie, give me a fucking chance  
I been crying in my bed  
Come on Kylie, let's go dance  
Pop some bottles, show your breasts

You drive me crazy, you always drive me crazy  
I'm drivin' past this Bentley, I'm in the new Mercedes  
I'm fucked up on Perkies, so your bitch can't really hurt me  
She's so acting flirty, I'm still geeking probably hurting

[?] my scars, 'cause she fell in love  
I've been feelin' miserable 'cause I'm so fucking dumb  
[?], it's the only one  
Designer on my desk, next hit my cup  
Ha ha ha, I can't fuck with lames  
I been shooting these drugs and be screaming your name  
You're an angel, better fuckin' pray  
Kisses on my skin as they fuckin' decay
