

## no escape

kets4eki

What the fuck, fuck, fuck, I'm still breathing, I ain't dead  
I fucked up, up, up, overdosing on my meds  
I can't talk, talk, talk, all that shit, it's in my head  
Acting dumb, dumb, dumb, bitch, I swear there's no escape  
What the fuck, fuck, fuck, I'm still breathing, I ain't dead  
I fucked up, up, up, overdosing on my meds  
I can't talk, talk, talk, all that shit, it's in my head  
Acting dumb, dumb, dumb, bitch, I swear there's no escape

Made it to another night, never thought I'll make it out  
All I've got is these memories, all they do is scream and shout  
To be honest, I'm a druggie, I don't know what's that about  
Always told that I'm a failure, I might be, but I get bands  
So high at the club, bitches tryna hit me up  
Yeah, they tryna get around me, all they want is me and Xans  
All these bitches they intrigue me, but I know that they just f  
ans  
All these brokies tryna take me down, but ion give a damn  
(Ion give a damn)  
(Ion give a damn)

What the fuck, fuck, fuck, I'm still breathing, I ain't dead  
I fucked up, up, up, overdosing on my meds  
I can't talk, talk, talk, all that shit, it's in my head  
Acting dumb, dumb, dumb, bitch, I swear there's no escape  
What the fuck, fuck, fuck, I'm still breathing, I ain't dead  
I fucked up, up, up, overdosing on my meds  
I can't talk, talk, talk, all that shit, it's in my head  
Acting dumb, dumb, dumb, bitch, I swear there's no escape

(What the fuck)  
(I ain't dead)  
(I ain't dead)
