

pls stop acting like u care

kets4eki

Can you tell me what's the point of this
How many times to deal with this
Please stop acting like you care, we both know can't get it fixed
Drowned in my problems, lots of pills
Nobody can handle me
Lots of intrusive thoughts, overthinking is just killing me

DJ Marco

And every single fucking day, I write a song about you, bae
I'm overthinking all day through
To be honest, 'cause of you
Still recall it, can't hide until it's better
Just waiting for the day you make it right

Can you tell me what's the point of this
How many times to deal with this
Please stop acting like you care, we both know can't get it fixed
Drowned in my problems, lots of pills
Nobody can handle me
Lots of intrusive thoughts, overthinking is just killing me
