

Little bitch, I'm posted up  
Three thots on me, popped a tab  
Więcej muli niż twój bank  
Lepszy sort mam niż twój plug  
Makin' money, livin' life  
Fuckin' hoes and snortin' drugs  
Chcesz tak żyć, a nie masz jak  
Bitch, I'm ballin' with my squad

With my shawty, spending hundreds, bitch you wanna live like that  
If you messin' with my people, you mess with my fuckin' bat  
Can't give a fuck 'bout what you talkin', just keep talkin' to my hand  
I'm making money while I piss, I'm making money while I talk

Making money while I live, making money while I walk  
I don't care about no money, but it's nice to have it though  
I just wanna be a legend, but that shit's taking too long  
I'll just give it to my friends, I think they deserve it more  
More  
More  
More  
More  
(Making money while I live, making money while I walk)  
I don't care about your hits  
(I don't care about no money, but it's nice to have it though)  
We all fall off and die with it  
(I just wanna be a legend, but that shit's taking too long)  
You're still on seen yeah  
(I'll just give it to my friends, I think they deserve it more)  
Don't you think you don't mean it

I'm fully automatic, yeah my bullets, they rain havoc  
Got like all the Bitcoin in my wallet, you wish you could have it  
I'm making money when I shit, making money when I piss  
You be lyin' if you said that you don't want a life like this  
Ha-ha these bitches, they be talkin', talkin' to my dick, woah  
I don't recall asking for you to come near me, bitch  
I-I-I'm starvin' for this money, I don't really give a shit  
Show me fifty dollars, you don't have it, euroboyz, we rich
