

ROCKSTAR ICON

kets4eki

Uh, uh, uh
Taku
Goodbye

Damn, girls are so fine, yeah, six in a row
Push on the gas, and then shake the cops

Take the molly, we take the molly
Pass your girl here, I know she want me
Take the molly, we take the molly
Rockstar icon, she wants to fuck me (Uh, uh, uh)
Take the molly, and we take the molly
Pass your girl here, I know she wants me
Take the molly, and we take the molly (Uh, uh)
Rockstar icon, she wants to fuck me

Call me icon, while guitars are burning
Kiss me, eye closed, she wants to fuck me
I'm busy, money counting, and all I do is for profit
She wants me to say sorry, I'm sorry just for rocking
I mean I am just Proxie, I'll drag you into my poisons
All I want is rockstar life, I cannot give you importance
Long nails, veins pumping, her kiss is so cold
Relations are toxic, she beg me to love
Long nails, veins pumping, her kiss is so cold
Relations are toxic, she beg me to love
We'll stay this night and tomorrow I'll go
You want my heart, I want money to blow

Goodbye
Damn, girls are so fine, yeah, six in a row
Push on the gas, and then shake the cops

Take the molly, we take the molly
Pass your girl here, I know she want me
Take the molly, we take the molly
Rockstar icon, she wants to fuck me (Uh, uh, uh)
Take the molly, and we take the molly
Pass your girl here, I know she wants me
Take the molly, and we take the molly (Uh, uh, uh)
Rockstar icon, she wants to fuck me

I'm a rockstar, yeah, she wants me
I'm a rockstar, got this money
I'm a rockstar, yeah, she wants me
I'm a rockstar, got this money
Woah, yeah, all these hoes, they want my dick and that's for sure
Woah, I'm exclusive, when they see me at the show they scream
O-o-oh my God, want you, yeah, I need you in my life
Fuck a bitch, I lay down pipe, my drip is blocking out her sight
I'm a rockstar, yeah, she wants me
I'm a rockstar, got this money
I'm a rockstar, yeah, she wants me
I'm a rockstar, got this money
Woah, yeah, all these hoes, they want my dick and that's for sure
