kets4eki

Shake the cops, push on the gas
Yeah, I wanna fucking shake the cops
Breaking the club, yeah
I wanna fucking break the place
Using the gas, yeah
You tryna fucking catch me, uh
Push on the gas, yeah
Push on the gas, yeah, push on the—

Shake the cops, push on the gas
Yeah, I wanna fucking shake the cops
Bring us some molly
We gonna party all night long
Using the gas, yeah
You tryna fucking catch me, uh
Push on the gas, yeah
Push on the gas, yeah, push on the gas

Pull up to the club, I'm spending all the moolah
She love her style, in a comfy Supra
Skirt off, hit the drift, feeling like it's Future
No love, only lust, my pockets like a jeweler
Racks, we only counting racks, so fuck all other friends
Spending all the bands 'cause [?] (Yeah)
Loving on my ass, got a message from your ex
And this look of respect, I will pass it to my friend

It's okay, spend just to flex in the big chiller
How I fuck, how I talk, and how I drift fast
Like fast cash, and I'm faster in the whip—
I'm [?] now [?]

Shake the cops, push on the gas
Yeah, I wanna fucking shake the cops
Breaking the club, yeah

Got all this molly in my pocket, money in my wallet
Ho tryna fuck, she wanna rave, well let's just get it started
I'm off the pill, geeked as fuck, bitch, where the drugs at
I'm off the pill, geeked as fuck, I need me another molly
Damn, yeah, give me another molly
Yeah, yeah, give me another molly

Yeah, yeah, m-molly, molly
