Let 'em know what's up, getting bank, now they fuckin' want me  
Always pourin' up, double cup, I'm not fuckin' sorry  
All these groupie sluts, tryna fuck, I can't get 'em off me

I-I can't get 'em off me now, told her move it up and down  
Told the bitches come around, let's get crunk 'til we drown  
Hoes love me right now, can't compete, shut your mouth  
So much money I can't count, close the trunk, bitch we out

Sippin' drank, oh  
Sippin' drank, oh  
Sippin' drank, oh  
Sippin' drank, oh

Running up the cash, with my bros, did you notice?  
Take a look how fast, that it go, way too focused  
We been counting gold, fuck you know, not surprising  
Bankroll, wallet can't fold, hold it tightly
