

Spaceship

kets4eki

Turn back time
Turn back time
We been on the grind
Gaming every night
We be flying our spaceship
But we don't know if we make it
Where's the destination?
It don't gonna be vacation

We going hard
We going loud
Drifting out of Rainbow Road
I know how it gonna go
Catch another W
We going hard
We going loud
We been playing all night long
I know how it gonna go
I know how it gotta go

Turn back time
Turn back time
We been on the grind
We gaming every night
We be flying our spaceship
But we don't know if we make it
Where's the destination?
It don't gonna be vacation

We ain't got much time to go away
Take my hand and grab your bag
Kill me slowly, pop a Perc
Love being slowed, if that makes sense
Still same me, bitch nothing changed
The only difference is my cash
Go test my money I don't care
Designer clothes won't do a change
They won't do a change bitch
I'm on the same shit
Me and cres
We pull up on a fucking spaceship
They won't do a change bitch
I'm on the same shit
Me and cres
We pull up on a fucking spaceship

They won't do a change bitch
I'm on the same shit
Me and cres
We pull up on a fucking spaceship
