Marry me Pröz

So traumatized, always feelin' shit, you make me lose my shit  
I'm high locked up in my room, time for another Percocet  
When I see another DM from that guy, I go insane  
I think I'll stay offline, I'm too tired to fucking care  
So traumatized, always feelin' shit, you make me lose my shit  
I'm high locked up in my room, time for another Percocet  
When I see another DM from that guy, I go insane  
I think I'll stay offline, I'm too tired to fucking care

Crushin'-Crushin' all these pills I'm gettin', and I just can't compete  
I mean, I know it really hurts me, but I will be okay  
I promise I won't kill myself, I'm such a liar, it's a shame  
Everyday looking for new ways to tell the world I hate myself

Already used to the way how I'm built and I won't apologize  
I know my words ain't meanin' shit, does it mean you fuckin' hate me?  
All these hoes drive me insane, time for another Percocet  
That's how I'm built and I can't complain  
That's how I'm built and I can't complain

So traumatized, always feelin' shit, you make me lose my shit  
I'm high locked up in my room, time for another Percocet  
When I see another DM from that guy, I go insane  
I think I'll stay offline, I'm too tired to fucking care
