At a party, getting crunk, bitch you know we never stop
Four A.M. it's just the start, go get lit, don't give a fuck
Bitch I'm unstoppable, bitch I'm unstoppable

We blacked out in the party, but we're back into the shit
They didn't believe in me, now we be flexin' on the streets
Everybody gets excited, when I hop on any beat
They say I'm hot, yeah it's annoying, but I know I gotta eat
I'm fiending for a vitamin, that boy really got vitamin
You're not close to me, I want to make you bleed
Everyone be like, why you so mean
Why you gonna assume my pronouns, bitch you know that I am her
Fuck your bitch if you got a fucking throne
I'm tired, I'll leave you alone, I don't fuck with you, no

I'm not mad, I'm just supposed to love it
I like to say I'm fine, keep it locked up, it's a trophy
I'm standing where I stand, walk up and attach me
Hey I'm here to stay, take my bitches, and make 'em happy

At a party, getting crunk, bitch you know we never stop
Four A.M. it's just the start, go get lit, don't give a fuck
Bitch I'm unstoppable, bitch I'm unstoppable
Bitch I'm unstoppable, bitch I'm unstoppable
At a party, getting crunk, bitch you know we never stop
Four A.M. it's just the start, go get lit, don't give a fuck
Bitch I'm unstoppable, bitch I'm unstoppable

S-S-S-Spent all night having fun with my bitch
We live it up, bitch gon' stoppable
Walk inside, they ask me for a pic, we on top, that's our bubble

Can't wait to know bae know yo' girl ([?])

Y-You waste my time, 'cause I promise you, we'll be back again
Nah, we know, don't stab me in my back again

Just me, a lie, 'cause I promise you, I'm coming back
