

Abandon Me

Kevin Abstract

Gold in my hands
Gold in my heart
Gold in your hair
Brings us apart
Oh my God
Is that so hard?

You're always there for me
Why won't you abandon me?
Why won't you abandon me?
Like everyone else
Tell me why
Why won't you abandon me?
Why won't you abandon me?
Like everyone else
I'm waiting

Gold in your hair
Gold on my heart
Gold everywhere
That brings us apart
Oh my God
Oh my God
Is that so hard?
Is that so hard?

7:30 on the dot
Tell me what you wanna do
Neighbors been sayin' to keep it down
They wanna know when you'll see me out
Meet me on top of the roof
Then we could get to the truth
You coulda asked me a hundred times
I woulda been there a thousand for you
To be honest, there's a couple crimes I wish I didn't do
Yeah, being honest, I told you I get it, I ain't have a clue
To be honest, I'm just being honest 'cause what's left to lose?

Yeah, why? Oh
Why won't you abandon me?
Why won't you abandon me?
Like everyone else, mmm
You're always there for me
Why won't you abandon me?
Why won't you abandon me?
Like everyone else
I'm waiting, gone

Gold in your hair
Gold on my heart
Gold everywhere
That brings us apart
Oh my God
Is that so hard?
