

# Fools Gold

Kevin Abstract

Some think we use music just to get some heat out it  
Some never supported, well we did, then may doubt it  
Now that we have made it they shown up and they shouted  
Like maybe if I support them I can get some bread out it  
Nah, I've been with the ones I've been with since before  
The girls that aren't with me just to go clean out the store  
Some will tell me I just didn't know you then but I like you  
I'll just wait until you can prove to me you're not just a whore  
I don't know, I don't think that you will ever understand  
What it's like to be a kid takin' choices of a man  
I never asked for this, I was just tryna have fun  
But now my life [?], I just wish I was done  
But I'm not to be honest, this is only the beginning  
So I'm thinking that the raw will out really end up winning  
I'm still decided I'mma take a shot at it  
Was questioning myself, I don't know, but I've had it

Ah, fools gold, man, it's like  
Fools gold, yeah, it's like  
Fools gold, and you know  
Fools gold  
It's fools gold, eh, yeah  
It's fools gold  
And you know, and you know  
And you know, and you know, ay

Confidential prehistoric pictures found within  
Dinosaur, [?], with some kid sippin' on some  
Devil juice until it's always lose less go a you  
Went in grass onto you, then he get control of you  
Bullet one, bullet two, bullet two put the hole in you  
Bullet one is filled with love and true  
Bullet two, go in you, you feel soul in lose  
Like a [?] who did a kids paper  
So he wouldn't experience the love from a hater  
Stealin' rings like a [?]  
Just to get his mama paper  
All the weekend get the taper  
He would do [?] favors  
Buy them boots, they get unfaded  
They feelin' x-rated  
But they feel like kinda shady  
'Cause the acting pretty shallow  
He tell them niggas "pay me"  
They tell that nigga "hell no"  
He's back at the gates, gun up on his waist  
Blood splattered [?] all over the place  
The money from the safe is now safe in a sideways  
Tnt on his back, tick, tack, tick, tack, nigga

Ah, fools gold, yeah, ah  
Fools gold, yeah, ah  
Fools gold, and you know, ah  
It's fools gold  
Man, it's fools gold  
And you know, and you know  
It's fools gold, it's fools gold

It's fools gold, it's fools gold
