

Mississippi

Kevin Abstract

You gon' find out that I'm not myself
In this winehouse, all my dogs need some help
What I'm crying 'bout when I'm all by myself
Long nights at the Mission Inn, long nights at the Mission Inn
You gon' find out that I'm not myself
In this winehouse, all my dogs need some help
What I'm crying 'bout when I'm all by myself
Long nights at the Mission Inn, long nights at the Mission Inn

Don't get me, uh, don't get me, uh
Don't get me twisted with your Mississippi love
Don't get me, uh, don't get me, uh
Don't get me twisted now, boy, get me twisted now
Don't get me, uh, don't get me, uh
Don't get me twisted with your Mississippi love
Don't get me, uh, don't get me, uh
Don't get me twisted now, boy, get me twisted now boy, boy

In the street in some Texas heat, and us down the road from my cousin
, now
Dance some more, close to Mexico and I tell my boys that I left 'em,
uh
My feelings go when your feelings show
That's the stuff that always come and bless you now
Now you're pushin' my lovin', now you're pushin' my love
Tell me what you gotta do to try to keep it (next bar)
Tell me what I gotta do to try to keep it (ne-ne-ne-next bar)
Tell me all the ones you know to have you down since '95
