

SLUGGER

Kevin Abstract

Shorty wanna be a thug
He on his Pac shit
I make him wait for it
No time for watching
Had to put my foot down
Tell that bitch to mind his business
Sippin' sippin' sippin' 'til a nigga feel it
I be in my head
Sometimes it's hard to talk
I be my like dog
Sometimes it hard to walk
Yeah a nigga got these thoughts
But a nigga ain't soft
I been taking niggas down
Since a nigga was small
RIP to Pimp C
RIP to Pimp C
RIP to Pimp C
Off a lil Hennessy
So RIP to Pimp C
Texas made niggas wait
Man this show is not for free
I'm prolly finna show up late
On my Lauryn Hill shit
On my Lauryn Hill shit
On my Lauryn Hill shit
Gon move to Florida in this bitch
Sell my masters for my kids
Protect my life for my kids
Life a bitch, huh
Life a bitch, huh huh

I been moving heavy
Tryna give my soul time
Life moving fast
Boy you need to slow down
It's alright
If ya waste my time
'Cause I fuck witchu, nigga
I

I been moving heavy
Tryna give my soul time
Life moving fast
Boy you need to slow down
It's alright
If ya waste my time
'Cause I fuck witchu, nigga
I fuck witchu

Ok, it's five A.M.
Tryna get back in my ways
Tryna get paid, I'm paper chasin'
I'm smokin' weed 'til I'm levitatin'
Never trust no bitch
She suck a dick 'til I meditate
Goddamn that bitch so nasty

She fuck with me 'cause I'm fancy
She fuckin' with me with no Grammy
Catch me outside with the bandits
Choppa hit niggas leave 'em stagnant
Whatchu mean, I'm in love with the hoes?
I just fuck 'em and pass 'em to bro
Kill a fuck nigga 'if I see him
I don't need 'em
Ima leave 'em
Ima leave it then I go repeat it
Ima fly high just like a phoenix
Everything I say to believe it
Demon in my head I'm going to release it
Ride a whipski down the evening
Got a white bitch and she Swedish
Got a bad bitch and she freaky
Ballin' like LeBron in Cleveland
I fuck with you
You fuck with me
Let's keep it even Steven

(Yeah, yeah, yeah, yeah)
In the lion's den
You can't hack the heat
You need to come up out the kitchen then
Every dish is Michelin
I don't know my strength
Like I'm Lenny in Of Mice and Men
Just how I've been wired
Hay fever for your sinuses
David and Goliath
Sticks and stones might break bones
Every time I'm winning
They try move the goal posts
I couldn't play the victim
I'm the villain of this story, bro
I can't press the brakes
It's what it takes to be a role model

I count the seconds
Only been here for a minute
I got 99 questions
Why you all bitches?
Prevention is the cure
I should've got a happy ending
I bought sand to beach
'Cause I can tell the difference
It ain't worth the paper it's printed on
I tried to put you first
It didn't work and it's been getting long
I just said my piece
Engraved a key
Can someone prove me wrong?
I'm just doing me
'Cause shit ain't free
But you can hold that one
