

Let Me Be The One

Kevin Costner & Modern West

Let me be the name you whisper
When you're dreaming in the night
Be the hand you reach for every time
You need to hold on tight
The one who stand beside you
When the worst of troubles come
Let me... let me be the one

Let me be the place you hide away
When you need somewhere to go
The keep of all your secrets
That no one else should know
The wandered road you head for
Every time you're on a ride

Let me... let me be the one
Let me be the one
Let me be the one
For evermore

Let me be a true companion
As we travel in trough time
The one who will protect you
Not the one who falls behind

I wanna be your hero
I wanna live to from the sun
I wanna pull you from the fire
I wanna help you rise about
I wanna be the lightning in your eyes
I wanna stand and fight for you
I wanna be the place wherever hearts are true

Let me be the one
Let me be the one

Did you know the way I felt?
Or did you just now realize?

Did you know what you always wanted
When you looked into my eyes?
I promised that I love you
Whatever moments come

Let me... let me be the one
Let me be the one
Let me be the one
For evermore
For evermore
For evermore
For evermore
Let me be the one
