

Poison In My Heart

Kevin Costner & Modern West

There's a poison in my heart
Running thru my veins
A poison in my heart
'Til my dying day
Where light should grow
Darkness found a home
In this poison heart

Like an old friend
Like my own saint
A raging river that carries me away
There's a poison in my heart
Running through my veins
'Til my dying day

So take me as I am
Or strike me where I stand
