

Brothers Of Mine

Coyne, Kevin

Brothers of mine, brothers of mine, why, why, why are you laughing at me?

Brothers of mine, brothers of mine, why are your hands concealing the hatred in your mouth?

Brothers of mine, brothers of mine, what have I done to deserve so much pain from you?

Brothers of mine, brothers of mine, it's raining, it's raining, it's raining, raining raining raining raining raining on top of my head

Chorus: Workers of the world unite to put the poor boy down (4x)

Brothers of mine, brothers of mine, you're building the crucifix, the crucifix in the market square

Brothers of mine, brothers of mine, oh they're lining up the people, lining up the people to watch and stare, stare

Brothers of mine, hold by my hands, take me out, take me out, take me out

Brothers of mine, brothers of mine, ?? take away my heart and soul, you got me tired

Chorus

Put him down down down (3x)

Brothers of mine
