

Borracho Grande

Kevin Fowler

Margaritas in the morning, straight tequila in the evening
No matter what I'm drinking it just ain't no easy with her leav
ing

This day hold on his my only amigo
And every they seem to know me by name

Borracho grande that's why they call me
Since that sweet señorita left me down
And I hit it so loney
Borracho grande si es mi nombre
I'm the biggest drunk left in this dust the old west Texas town

My little chiquita I hear she's down in s town
She took all my love and left a big whole in my corazon
I try to feel it up but they just don't make enough

But that sweet got me to stop me missing her love

Borracho grande that's why they call me
Since that sweet señorita left me down
And I hit it so loney
Borracho grande si es mi nombre
I'm the biggest drunk left in this dust the old west Texas town

Borracho grande that's why they call me
Since that sweet señorita left me down
And I hit it so loney
Borracho grande si es mi nombre
I'm the biggest drunk left in this dust the old west Texas town
