

Love You Less

Kevin Garrett

I feel the weight of every word inside your brain as you get closer
There's always room against my shoulder
I can't complicate these figure eights, you had me off in circles
And now it's working

I got your silhouette, painted around my head
If I said I love you less, they'll never know what I meant
So what's it take to make me wanna stay a little longer

No, you're not wrong, you know me way too well
You don't need anyone but I don't need anyone else
You're still too far I know how hard I finally felt
But there's a place where we're together
That's what I keep on telling myself
Na, na, na, na, na
Na, na, na, na, na, na
Na, na, na, na, na
Na, na, na, na, na, na

Let's run away cause babe I hate seeing you go in through the motions
Don't you tell me you like emotions, do you?
You can say we're strong but I've been with you way too long for me not to know it and oh, I know it

I got your silhouette, painted around my head
Can I say I love you less, well maybe we should keep them guessing
Just don't let me leave, cause I can't kiss you through a screen
We'll end up frozen

No, you're not wrong, you know me way too well
You don't need anyone but I don't need anyone else
You're still too far I know how hard I finally felt
But there's a place where we're together
That's what I keep on telling myself
Na, na, na, na, na
Na, na, na, na, na, na
Na, na, na, na, na
Na, na, na, na, na, na

I got your silhouette, painted around my head
And oh god I love you less, tell me am I making sense? yeah
We're a world apart from the world we want but I'll keep waiting for a moment

No, you're not wrong, you know me way too well
You don't need anyone but I don't need anyone else
You're still too far I know how hard I finally felt
But there's a place where we're together
That's what I keep on telling myself
Na, na, na, na, na
Na, na, na, na, na, na
Na, na, na, na, na
Na, na, na, na, na, na
