

# Refuse

Kevin Garrett

I'm okay alone  
It makes my soul stir  
Under microscopes  
Keep my head in the dirt

Slow crash  
Stumble over nothing on my own path  
Runaway, I am just a nomad  
No one ever wanted me to go back  
I know I am anything but uncouth  
People try to change me since my youth  
But I refuse

Far away from home  
Forgot my address  
Mind is still on loan  
Keeps me prepossessed

Slow crash  
Stumble over nothing on my own path  
Runaway, I am just a nomad  
No one ever wanted me to go back  
I know I am anything but uncouth  
People try to change me since my youth  
But I refuse  
I refuse
