

# Big Lyfe

Kevin Gates

I got the spirit, I'm in the booth and it surround me right now  
Callin' the spirit of the jaguar, chase all bad energy right now  
Meditated, jumped in a fast car, hear the engine tremblin' right now  
Only positivity in this space, we keepin' it sacred right now  
Aissa, Abu Madyan, Rasulullah  
Hamdulillah  
Ayy, you gon' deliver this message, even if you gotta curse, you gon' deliver this message  
Khaza

Are you in search of the big life? (Search of the big life)  
Mesmerized by the big lights in the sky  
Took a turn down the wrong road (Turn down the wrong road)  
It's funny that you don't sleep right, home alone  
Could you be seekin' acceptance? (Seekin' acceptance)  
In desperate need of protection from the night  
Could you be feelin' neglected? (Could you be feelin' neglected?)  
Indulgin' in a few guilty pleasures, yeah (What's that? I don't know)  
Ooh-woah (You better know it's me)  
Ooh-woah, oh, oh ('Cause I'm out here)

I took a pain pill  
Got veins of steel, a Navy SEAL (Woo)  
I'm in the game for real (Ooh)  
Ain't where I wanna be, but it's payin' the bills (It's payin' the bills)  
Still, I got you under my control, I only come around when I want to  
I know the feeling, winter weather cold, when the person that you want doesn't want you  
If I was you, then I would block my page, I be flexin' hard, me and bae  
None of this was spite or out of hatred, I be doin' this to motivate you  
I don't go and see the voodoo lady, know that I'm protected by the angels  
Like Muhammad Ali, I'm the greatest  
I'ma make you love me, I'm a gangster  
Genuine with you, here go my feelings, take 'em and walk  
I'm so sick of these niggas, they get in your business and break you apart  
By stealing your energy, playin' they part  
Then go to stickin' your name on the cross  
God be with me, I'll take you to war  
I'm one of them, I'm not afraid of the dark

Are you in search of the big life? (Huh)  
Mesmerized by the big lights in the sky  
Took a turn down the wrong road (Turn down the wrong road)

Could you be seekin' acceptance?

All I know is when the godmother 'round, she call me a star child  
Come lay your head, I'll heal your pain, I know you been scarred, child  
Don't mean no thing what people say 'cause you still God's child  
No matter what, you beautiful on the inside, it's no lie

Callin' the spirit of protection, I got steppers 'round me right now  
I done grew into my power, I ain't gotta be careful, not now  
See, I done grew into my power, I'm speaking with the spirit on the mountains (Speaking with the spirit on the mountains)  
I'm speaking with the spirit on the mountains
