

# Block Away

Kevin Gates

Can't you be my heartbeat? (Ain't that DJ Chose over there? Mm, look like DJ Chose)

Never leave regardless  
Why would you be so heartless?  
And never leave regardless

What I look like worryin' 'bout a body count? Bitch, you were my ho  
Used to make that ass clap for me, show time in Apollo  
Need a bricklayer, I sent you 'cross the border from Chicago  
I like you more than some lil' comments and a follow

Block away, block away, block away  
The way I shook back, she can block my page  
Can't stand to see me movin' on, I'm in a better place  
Been a gangster, but the smile been locked in on my face  
Block away, block away, block away  
Fuck whoever got some shit to say  
Flexin' hard for my new bae, gon' have to block my page  
Wanna bring me down, okay, but not today

Luca Brasi love, knowin' that Brasi comin'  
Wanna be mine, been plenty of times exhibited enemy vibes in public  
No sense in me lyin', unlimited time, addicted to grind and hustle  
Whenever you 'round, you let your hair down (Giver supplyin' the muscle)  
Stimulated your mind, intelligent, uh, dealin' with mild seduction  
Demeanor intriguing', whenever I'm speakin', all of my diamonds bussin' (Blin g, blaow)  
Wasn't designed for cuffin', can I retire from thuggin'?  
Leavin' with me, know a private retreat, and I promise you now you gon' love me  
When we in the mirror, I'm rough from the rear, I'm goin' inside of your stomach  
The face you make while I'm grippin' your waist, lovin' your body adjustment  
Told you this would happen if I get you back to my place  
Strokin' in slow motion on the pallet by the fireplace

Block away, block away, block away  
The way I shook back, she can block my page  
Can't stand to see me movin' on, I'm in a better place  
Been a gangster, but the smile been locked in on my face  
Block away, block away, block away  
Fuck whoever got some shit to say  
Flexin' hard for my new bae, gon' have to block my page  
Wanna bring me down, okay, but not today (Real talk)

I don't do textin', double request, I'm not with aggressive phone tag  
Really feel like twice is beggin', learned my lesson, grown past it  
Don't be passed up bein' passive like you so much motion havin'  
Leave or stay, promise I walk away, I won't look back at you  
Frantic, yeah, I'm past you, I won't take a second glance at you  
Quick to celebrate you, ain't got time for fakin', I'm a gangster  
G-Shock watches, cocaine sneakers, trappin' hard in my Adidas  
Meanin' all day, I dream about stacks and not no skeezers  
Disappointments only motivate me, turn up for no reason  
Better than I used to be, know it's gon' hurt you when you see me  
Bread Winner motion picture, now they watchin' me on TV  
They ho wishin' they was with me, niggas wishin' they could be me

Block away, block away, block away  
The way I shook back, she can block my page  
Can't stand to see me movin' on, I'm in a better place  
Been a gangster, but the smile been locked in on my face  
Block away, block away, block away  
Fuck whoever got some shit to say  
Flexin' hard for my new bae, gon' have to block my page  
Wanna bring me down, okay, but not today

Can't you be my heartbeat? (Ain't that DJ Chose over there? Mm, look like DJ  
Chose)  
Never leave regardless  
Why would you be so heartless?  
And never leave regardless
