

# Diva

Kevin Gates

You, player, player  
Player, player, uh

I know she's a bad lil diva (huh)  
Lurks outside, she has no reason (huh)  
Take your cash and swipe your Visa  
Strip club poppin', she naked for the evening (huh)  
New Chanel poppin', she got the latest season (huh)  
White on white, she sexy for the weekend  
I know she's a bad lil diva (huh)  
I know she's a bad lil diva (huh)

No panties with a skirt, attitude, she don't flirt  
Compliment her, she'll smirk, slim, fine, down to Earth  
Swipe the card, she don't sweat it if they say it didn't work  
Quickly whippin' out them racks from out her new Chanel purse  
P-pay attention, she-she the business  
Only one condition, you can't get in your feelings  
Fallin' from the ceiling, shawty look at me with thirst  
Gatorade, my diamonds water, I could quench your thirst

I know she's a bad lil diva (huh)  
Lurks outside, she has no reason (huh)  
Take your cash and swipe your Visa

It's a set up (huh), keep your head up  
Shawty got her edges (huh), she keep her hair done  
Pull up in a wrecked whip (huh), it's a red one  
She don't do no friendships (huh), she gon' take some  
But she do the benefits (huh) if she make some  
Lil shawty innocent (huh) 'til she takes some  
Beatin' down her ribcage (huh) 'til he breaks some  
Shawty in her own world (huh), she in The Matrix

And she clean, reflectin' me, matching Js and Supreme  
Got these starters, one of her favorite, she gon' answer every ring  
Text message goin' "beep", sippin' solo with her king  
Tag team one of her homegirls with Maceo, Hazid  
When she walking' out in public, big old booty back and forth  
That ain't nothing, you should see the way it wiggle in her shorts  
Step inside the club, it look like she receivin' an award  
Niggas go to showin' off, ballers go to bottle wars

I know she's a bad lil diva (huh)
