# Fatal Attraction

**Kevin Gates**

It ain't a day that go by that I don't think about you
Don't play around with love, under the love spell
(Yeah, women are smart)
(Women are smart)
Don't play around with love, under the love spell
Daytrip took it to ten (Hey)

Women are smart
She was tryna hit him with the whoop, tryna catch him
She was tryna put it in his food, tryna trap him
Maybe underneath the full moon, night of passion
Thinking he'll fall deeply in love from attraction
Women are smart
She was tryna hit him with the whoop, tryna catch him
She was tryna put it in his food, tryna trap him
Maybe underneath the full moon, night of passion
Thinking he'll fall deeply in love from attraction

I was in a pretty cool mood, needed action
I pull up in something vroom vroom, push your back in
I was in a very dark place, I wasn't happy
You came in my life and that balance got established
Don't play around with love, under the love spell
Don't be touching me, I'm delicate, you need to be f*cked well
Your boyfriend a detective, hit from the back, say f*ck 12
With your water, you just cover me and bae say, "Aw, yeah"

Women are smart
She was tryna hit him with the whoop, tryna catch him
She was tryna put it in his food, tryna trap him
Maybe underneath the full moon, night of passion
Thinking he'll fall deeply in love from attraction
Women are smart
She was tryna hit him with the whoop, tryna catch him

She was tryna put it in his food, tryna trap him
Maybe underneath the full moon, night of passion
Thinking he'll fall deeply in love from attraction

Don't play around with love, under the love spell
I'm in your stomach, I'm in your ribs, I'm ringing your love bell
I'm on your mind, they callin' you that
I hit decline, ain't calling you back
I been neglected, showing affection
I got protection from all of that
I'm on the grind, I'm balling with stacks
It was a blessing to be in my presence
You wasn't fine before all of that
You a finesser, got a lil' stress
I wasn't applyin', I'm fallin' back
I got a new dancer
Whenever I'm smashin', she go to scratching
Look like a panther just been climbing on my back

Women are smart
She was tryna hit him with the whoop, tryna catch him
She was tryna put it in his food, tryna trap him

Maybe underneath the full moon, night of passion
Thinking he'll fall deeply in love from attraction
Women are smart
She was tryna hit him with the whoop, tryna catch him
She was tryna put it in his food, tryna trap him
Maybe underneath the full moon, night of passion
Thinking he'll fall deeply in love from attraction

From attraction
Thinking he'll fall deeply in love from attraction
Maybe underneath the full moon, night of passion
Thinking he'll fall deeply in love from attraction
