

# Mine

Kevin Gates

Hey, hey  
You know I'm surgical with this, I'm 'bout to operate  
Don't mean to flex but tell me how much you can tolerate

My lil' shawty, shawty undefeated  
She got that peach, I'm tellin' her  
"Turn around, let me eat it"  
Sundress loose but I can see it (I can see it)  
Gotta make a baby, gotta make a baby  
Better go get you one 'cause this one mine  
Don't play 'bout her, I slang that iron  
Better go get you one 'cause this one mine  
Yeah, yeah, this one mine (I'ma state it)

How you doin'?  
And you pressure with the business here  
You look like a lil' vibe, I could kick you with it if you interested  
Heard I'm not human, I do miracles, you need to witness this  
Non disclosure 'fore I disrobe you, I come with benefits  
When you come over turn off your phone so ain't no one interferin'  
Love on your body, I don't just do this with no anybody  
You exotic, got me excited why you did that?  
Flexible as hell, I make you feel it where your ribs at

My lil' shawty, shawty undefeated  
She got that peach, I'm tellin' her  
"Turn around, let me eat it"  
Sundress loose but I can see it (I can see it)  
Gotta make a baby, gotta make a baby  
Better go get you one 'cause this one mine  
Don't play 'bout her, I slang that iron  
Better go get you one 'cause this one mine  
Yeah, yeah, this one mine (Yeah, yeah)

Playin' my songs, steady textin' my phone  
Sayin' she can't wait to be around me  
You've been chillin' with your crew, makin' plans with Brady  
Looks different in the gym when you around me (Turn it up)  
In the mirror of the shower but you ain't dried up  
Pull your hand, give you ooh while your face frowned up  
Gently kiss below your waist while I taste down love  
Never knew nothin' better, can't replace my love

My lil' shawty, shawty undefeated  
She got that peach, I'm tellin' her  
"Turn around, let me eat it"  
Sundress loose but I can see it (I can see it)  
Gotta make a baby, gotta make a baby  
Better go get you one 'cause this one mine  
Don't play 'bout her, I slang that iron  
Better go get you one 'cause this one mine  
Yeah, yeah, this one mine (I'ma state it)

Mine, mine, mine  
Mine, mine, mine  
Yeah, yeah, yeah  
You're mine

You're mine  
You're mine
