That's like the last bit of soul I had left  
I'm dying inside  
(Neil do it nonstop)

One day you gon' look for me and I'm gon' be gone (I'm gon' be gone)  
I just need some closure, tell me why you did me wrong? (Why you did me wrong?)  
One day you gon' realize you waited too long (Too long)  
Who you talk to when your heart cryin'? You all alone  
Ooh-ooh-ooh (Ooh-ooh-ooh)  
Ooh-ooh-ooh  
God, sever these soul ties, take this weakness, make me strong  
Heaven answers prayers, I know one day I'll get over you (One day I'll get over you)  
Ooh, ooh-ooh-ooh (Ooh-ooh-ooh)  
Mmm, ooh-ooh-ooh (Yeah)

Baby, I refrain from the things that I used to do (To do)  
I can't look at you on Instagram, you too beautiful  
Try to keep my mind occupied, it ain't working  
Know you livin' life, but tell me why you gotta hurt me? (Hurt me)  
Left California and went to North Carolina  
[?] heart attack, I'ma die young  
Baby, you so sexy when you manic, catch a attitude  
And baby, you so sexy, I'm in love, I can't be mad at you  
Although we not together, though we met, I'ma show gratitude  
Underneath the full moon, our love change the altitude  
Ain't no escaping my love  
This ain't no gimmick, deep in your spirit, know you miss it  
No denying the feelin' (Feelin')  
All my energy be different

One day you gon' look for me and I'm gon' be gone (I'm gon' be gone)  
I just need some closure, tell me why you did me wrong? (Why you did me wrong?)  
One day you gon' realize you waited too long (Too long)  
Who you talk to when your heart cryin'? You all alone  
Ooh-ooh-ooh (Ooh-ooh-ooh)  
Ooh-ooh-ooh  
God, sever these soul ties, take this weakness, make me strong  
Heaven answers prayers, I know one day I'll get over you (One day I'll get over you)  
Ooh, ooh-ooh-ooh (Ooh-ooh-ooh)  
Mmm, ooh-ooh-ooh

I can't show no timidity, the world lookin' at me, takin' pictures of me  
Surrounded by the ones I benefit, they just pretend to love me (Pretend to love me)  
Appeasing me because I'm beneficial (Beneficial)  
Respected in the game, name carry weight because I been official  
His family don't like you, say you ain't all that  
You text me then change your number, now I can't call back (Call back)  
I know how to take a hint, maybe I need to fall back (Fall back)

Pour out my insides in an e-mail, you don't ever talk back  
Make affirmations to the universe and pray you caught that (Caught that)  
If he ever disrespect you, send 'em at his ball cap  
I'm watchin' over you (I do, I'm watchin' over you)  
Chillin' with my niggas, reminiscin', I'm pretendin' I got over you (Over you)  
What am I supposed to do?

One day you gon' look for me and I'm gon' be gone (I'm gon' be gone)  
I just need some closure, tell me why you did me wrong? (Why you did me wrong?)  
One day you gon' realize you waited too long (Too long)  
Who you talk to when your heart cryin'? You all alone  
Ooh-ooh-ooh (Ooh-ooh-ooh)  
Ooh-ooh-ooh  
God, sever these soul ties, take this weakness, make me strong  
Heaven answers prayers, I know one day I'll get over you (One day I'll get over you)  
Ooh, ooh-ooh-ooh (Ooh-ooh-ooh)
