

## Pretend

Kevin Gates

What's the demonstration, beloved?

You well now?

Yes, ma'am, all's well

(Go Grizz)

Yes, ma'am, all's well

(Winners Circle)

Dick so good, make a bitch start stalking me  
p\*ssy I jugg, now she won't stop calling me  
Her boyfriend texting and I'm really not caring  
She's really my girl, we was just sharing  
Way I been arguing, she wan' know can we go out again?  
Pull up in the foreign, lay the dick down again  
She wan' see me pon the weekend, we no make promises  
(Then she tell me that she love me, but it don't sound pretend)

Can I feel on your booty? Lick on your p\*ssy?  
Grip on your booty? Spit on your p\*ssy?  
Caught a lil' break and we takin' off  
Got a meetin' tomorrow with the A&R's  
Fitness and wellness, you know how we comin'  
Wake up, go jogging, and sprint to the money  
I'm a don, I'm a gentleman  
I do not indulge with the enemy  
I don't got no smoke, I ain't duckin' no smoke  
And I'm payin' harms, any incident  
But any more being intimate  
She'd stayed down, never bent  
Gave her dick and she got addicted  
Baby, please get intervention  
Stalking leads to a prison sentence  
Good nigga, but I come from killing  
Want time, seek comfort in it  
Kill the kitty, beat it up  
Lay the pipe down, went between your legs  
Can't move man in the bed  
Put a hot towel between your legs  
But right now, get rest  
I'ma run 'round, be back  
In like a month and a half (I'm him)

We have a spat and we breaking up  
Pardon about it, we making up  
You tell me don't hurt you, I say what's the purpose?  
'Cause we 'bout to f\*ck, we ain't making love  
I'm a lil' nigga from 'round the corner  
I wanted to be with you, being honest  
People ain't like to see us together

A beautiful creature with a monster  
Small waist, all ass, your lil' attitude bad  
Jumpin' out a new Jag, flirtin', your lil' cute ass  
Murkin', bought a new bag, and on the 'Gram, you enticed  
I wanna put it in your life, no, you not doing this for likes  
I cannot change, all I know is one way  
Ridin' around with no license plates, you wanna be involved  
Solitude all my time today, I'm not receiving calls  
You ain't gotta play no role at all (You just gon' be along)
