Tell me your favorite song so we could do it undercover
Sex so good that when were done we'll be singing to each other

She said I love when you, love when you, sing to me (sing to me)
So wont you sing foreal? Drunk, faded, I done had a drink or two
Molly got me feeling like I'm on the move
She said the only thing I'm missing is a song from you, then I did what any real nigga would do

I sang to her (sang to her) (Ooh yeah, ooh yeah, ooh yeah yeah)
If you wondering how I made her fall in love
I sang to her (sang to her)
She said rappers ain't what she really after
I said I'm really a singer so that don't even matter
She said you out on the road fuckin these hoes (na)
But really I'm just gettin this dough, makin my pockets fatter
Me and my friends smoking the finest, we be chillin
She don't smoke but we be vibin', shit
She caught that contact, she said she wanna sing tell the DJ bring that cognac

She said I love when you, love when you, sing to me (sing to me)
So wont you sing foreal? Drunk, faded, I done had a drink or two
Molly got me feeling like I'm on the move
She said the only thing I'm missing is a song from you, then I did what any real nigga would do

Lend me your ears and I will sing you a song
You wont ever have to tell me go deeper, you ain't gotta tell me slow it down either
