Missin' (Uh)
Know that I went missin' on you (Uh)
Tryna keep my distance
To get you out my system, ooh

I have more than a few I like to call
But all that loving left me feeling lost
Now upside down don't feel so strange at all
'Cause every night, I'm goin' through withdrawals
And I don't know why

Why can't I, can't I fill in the blank?
Why can't I get you out of my brain?
You're immistakable (Immistakable)
Why can't I, can't I fill in the blank?
You're one of one, that's hard to replace
That's why I'm back for more, I'm back for more

(Ooh, ooh, ooh, babe)
I'm back for more
(Ooh, ooh, ooh, babe)
Uh, uh

You came in like a whirlwind, makin' a mess
The same things I hate, you do it the best
Love is bed warfare, it's hard to connect
But, baby, it's still you, my cause and effect
And I couldn't give a single reason why (Why)
I just can't explain this feeling if I tried

I have more than a few I like to call (But they won't do)
But all that loving left me feeling lost (And so confused)
Now upside down don't feel so strange at all (It's true, it's true)
'Cause every road I went down led me straight back to you
And I don't know why

Why can't I, can't I fill in the blank?
Why can't I get you out of my brain?
You're immistakable (And I don't know why)
Why can't I, can't I fill in the blank?
You're one of one, that's hard to replace (Yeah, can't replace)
That's why I'm back for more, said I'm back for more

I know I swore I wasn't comin' back (Woo)
Can I just go? I guess I got it bad, yeah, yeah
I know I swore I wasn't comin' back (Yeah, yeah)
