

Black James Dean

Kevin Ross

You heard I was a rolling stone
In and out they come and go
Took the rearview out my ride
Cause I don't want to look behind

I can't keep running from you running from me
See I'm good on this road but where does it lead
I can't stop thinking of you throughout the night
Girl it's insane for me to love and drive

I don't wanna crash and burn
I don't wanna crash and burn
So I keep on burning out at top speed
I feel like I'm James Dean
When you're not around me
I'm burning out at top speed
Reckless like I'm James Dean
Cause I don't wanna crash

They say my horsepower can swung you from my hazards
Leather exterior in my ride that match my jacket
Everything is black studded and it's gorgeous
Just like all my passengers city to city codis

Cause I can't in one place so I throw on my hazards
While I'm in traffic no brakes the life of a maverick
It's only so much I can do on my own
Girl tell me who would wanna die alone

I don't wanna crash and burn
I don't wanna crash and burn
So I keep on burning out at top speed
I feel like I'm James Dean
When you're not around me
I'm burning out at top speed
Reckless like I'm James Dean
Cause I don't wanna crash and burn
