

Everybody Here Wants You

Kevin Ross

Twenty-nine pearls in your kiss, a singing smile
Coffee smell and lilac skin, your flame in me
Twenty-nine pearls in your kiss, a singing smile
Coffee smell and lilac skin, your flame in me
I'm only here for this moment

I know everybody here wants you
I know everybody here thinks he needs you
I'll be waiting right here just to show you
How our love will blow it all away

Such a thing of wonder in this crowd
I'm a stranger in this town, you're free with me
And our eyes locked in downcast love, I sit here proud
Even now you're undressed in your dreams with me
I'm only here for this moment

I know everybody here wants you
I know everybody here thinks he needs you
I'll be waiting right here just to show you
How our love will blow it all away

I know the tears we cried have dried on yesterday
The sea of fools has parted for us
There's nothing in our way, my love

I know everybody here wants you
I know everybody here thinks he needs you
I'll be waiting right here just to show you
How our love will blow it all away
