

# Teach Me

Kevin Ross

I wanna know (yeaah)  
How deep do you go  
Body and mind  
I wanna see  
How many licks it take  
To make your legs quake  
I wanna hear you say  
It's all mine  
You can speak up  
Of what you in need of  
I am going work till I'll  
Get it all right  
The way you like  
I'll swim until I'll  
Feel your waterfall  
I am tryin uh drown drown

Want you teach me  
How to love you  
Want you teach me  
How to love you  
How to love you back

Baby don't you take easy on me  
I can handle everything you throwing  
Back on me I am a athlete  
Hand around your waste  
That's learning curves  
I here to make it better never worst  
I wanna hear you say the words it's all mine  
You can speak up till you get enough  
I going try until I get it all right  
Like you like baby  
I'll work until I see you waterfall  
I am tryin uh drown drown

Want you teach me  
How to love you  
Want you teach me  
How to love you  
How to love you back
