

# Late Night Automatic

Kevin Rudolf

R: She's my  
Late night automatic  
Automatic  
One call automatic  
Now she's coming automatic

We in the club  
We on patrol  
We and the beat  
I'll beat your wrong  
Like michael phelps it me on the bar  
Callin on the phone  
It was me on phone  
I try to get with her  
We said we would lick her  
Try to be coming down with all  
These tears  
Yea she's the one that can make her boody wiggle  
She's from pittsburg and her body as a wuna

Love me a girl who can deal with this here  
Make it walk  
Make it ride  
Make it drive  
Make it dance  
Make it move from your hair  
Bring it down to the floor  
Take a shot  
Drink a beer

On the weight on my car  
And make them jog  
On the roof  
On the roof  
On the peer  
On the wall  
Like dance dance  
Like a dog she's a fiend  
Like a doll
