

## 4 am

Kevo Muney

Yeah...

Four in the morning, she call me on FaceTime  
Know I'm a dog, I might dine like a canine  
I got a Nine when you look in my waistline  
I got a bitch from the hood but she got fine  
Have to see brighter days, have to see sunshine  
Have to take one for the team, for the one time  
You not a Gemini, no you ain't my kind  
I just sit back and I get high when it's daytime

I come for Memphis, Penny Hardaway  
Hardaway like the red or sum'  
I just been countin' these digits, don't want True Religion, true to my religion, yeah  
Fucked all the lil' bitty bitches, see I'm on a mission, got drip like a waterfall  
Ba-da-da-da-da, shit 'til we leavin', nah  
Every time I fall in love with you, my trust, she leave me, uh  
I got this shit out the mud, I knew I would make it but they didn't believe me, yah  
When we were little, ayy, beef noodle, now it's filet mignon  
You know that we older now, she takin' drugs, she open now  
Ah, ah, shit 'til we leavin', nah  
I fall in love, I give her my trust, she still be leavin', no  
I got this shit out the mud, I knew I would make it, believe me, yah  
Feel like I'm two people, I'm Kevo Muney, Kevy, yah
