Everythang Changed

Kevo Muney

(Damn, Jetpack, you made this?)
Kevo Muney
Oh
(Ayy, Jetpack, you hit this one)
Everything changed
I guess they thought I was gone, but I ain't never went nowhere
I'm comin' back with more pain, then more pain, then more pain, oh

Ever since a kid, I've been the man since
Prayed to God, I just knew he was gon' save me
GME over everything, one nation
Ridin' for my people, no question, no hesitation
Stayed down, God changed my situation
Walk into the gym, playin' ball on the daily
Nigga want a problem, when they see me, they don't say shit
Nigga talkin' 'bout he gon' shake the spot, ain't gon' shake shit, uh-huh

Killed that nigga's mama's son, she gon' recognize him
Where I'm from, when somethin' go wrong, we stay silent
These days, these pussy niggas can't stay quiet
Yeah, yeah, I really cry sometimes
I can't even lie, I really cry sometimes, yeah
I really cry sometimes
I can't even lie, I really cry sometimes, yeah
I really cry sometimes
My sister lost her baby, then had her another baby
Show me the right way to go, no navigation
They still judge you by your skin, discrimination
People always want me to give, no donation
Everybody look at me different, and that's crazy
Back then, regular blunts in rotation
Blunts in rotation, yeah, yeah (I told you niggas I was back)

People tell me that I'm underrated
People told me I'd never make it
People tryna shatter your dreams
They don't wanna see you greater
People tell me that I'm underrated
People told me I'd never make it
And I done saw the judge give a man twenty years
For rapin' a white woman that he didn't even rape her, yeah-huh

Nigga check me right up in my face, still ain't seein' me
I'm the hottest youngin' out the city, they agree with me
Smart as hell like a college dude, no degree with me
Even if it's hard, I'ma do that shit easily
Nigga know the gang don't play, they don't play with 'em
Name start with a K, you know he keep a K with him
Talk down on my dead homies, you gon' lay with 'em
I don't know my daddy, I ain't never spent a day with him
Muney love Turk, swear to God I used to stay with him
Had them long nights we used to talk about makin' it
Yeah, I love my fam, yeah, I love my brothers
DV, Young, DJ, Dante and them, I swear to God
Used to walk to Southside Park, now I'm livin' large
I remember used to hit the plays by the Marriott
I don't really like to dine in, like to carry out

Anybody play up at my show, I'll get you carried out
Fuck her from the back, I'll damn near snatch her hair out
Nigga tried to stick up the spot, but got rushed out
Take care all my people, other people give a fuck 'bout
But I can't even complain, it ain't nothin' I can fuss 'bout
I come from a hood, hoes fuckin' for a three-five
Yeah, I come from Memphis, niggas switchin', playin' both sides
I remember granny puttin' switches on my backside
Never had shit, they used to tell me how I need 'em

Ever since a kid, I've been the man
Prayed to God, I just knew he was gon' save me
GME over everything, one nation
Ridin' for my people, no question, no hesitation
Stayed down, God changed my situation
Walk into the gym, playin' ball on the daily
Nigga want a problem, when they see me, they don't say shit
Nigga talkin' 'bout he gon' shake the spot, ain't gon' shake shit, uh-huh

Told me that I'm underrated
People told me I'd never make it
People tryna shatter your dreams
They don't wanna see you greater
Told me that I'm underrated
People told me I'd never make it
People tryna shatter your dreams
They don't wanna see you greater, see you greater, oh-oh

And everything changed (They don't wanna see you greater, yeah, yeah)
(They don't wanna see you greater, yeah)
(They don't wanna see you greater)
(They don't wanna see you greater)
(They don't wanna, they don't wanna, oh-oh)
