Kevo Munev

(Yung Lan on the track)
That's what's goin' on, goin' on, goin' on, goin' on
(Goin' on, goin' on, goin' on, goin' on)
I gotta keep goin' on
(Gotta keep goin' on)

They said that I can't fall
But they don't know that I worked hard for this (Oh)
The shit that I went through
Another key if they can't handle this (Handle this)

And I got some questions
Nobody but God can answer it
And I got some questions
Nobody but God can answer it

Oh, it's gon' be okay, that's what they told me
(That's what they told me)
Gave niggas the game feel like they owe me
Oh

Used to be down, I can't forget that was the old me
(That was the only)
Voices in my head
But I can't let this shit control me
Oh

One time, for my town
Watch out for work time
You can see the glow in my eye
'Cause my time to sigh

Tried to play me crazy, I ain't no CDC (CDC)
How these youngings on C-O man don't G-M me (Don't G-M me)
And everybody 'round me a boss
'Cause they represent me (They represent me)
And I was lost, I pray that God might come and rescue me
(Rescue me)

No lil' ice cold water, no food in the fridge
That's the struggle when you come from a bad environment
That's what's goin' on (Goin' on)
Goin' on (Goin' on)
Goin' on

That's what's goin' on (Goin' on)
Goin' on (Goin' on)
Goin' on

I wanna be around (Uh-huh)
Some fly to town (Uh-huh)
Smokin' at the pound for an hour now
Oh, he wanna ride around (Ride around)
He wanna ride around (Ride around)
He wanna ride around, ooh
