

Make It This Far

Kevo Munev

(GME)

Teacher said I wouldn't make it this far
I wouldn't make it this far

(GME)

Teacher said I wouldn't make it this far
Told me I'd be dead when I'm eighteen
But now that I'm eighteen
So I'm askin' God if death close to me
Never let a nigga get too close to me
I can't even see 'em, they're like ghosts to me
Nigga know I'm a player, ain't no coachin' me
Said that you love me, you ain't showin' me

One time for my enemies
I just wanna tell 'em got no end in me
And one time for my family
But don't say that you're fam and you're kin to me
Bruh got the strap and it's liable to be a felony
GME came up, we the legacy
Niggas be hatin', too much jealousy
But then they try to stick around like they're there for me
And you know I smoke kush heavily
Mama said it might be the death of me
I'm goin' through a lot, need therapy
Bitch said she was
If I'm on the run, ain't no catchin' me
She tryna go through my phone, read messages
Fast money, man, get paid instantly
I done been through a lot of experiences
The way she lookin' at me like she into me
I lost my nigga, now I'm fucked up mentally
And I'm sippin' on the Actavis
Gotta put the drank in my beverages
If you gettin' money, then you cherish it
I used to be broke, I used to be low
Before I was hot, I was cold
I used to be broke, I used to be low
Before I was hot, I was cold
I had to struggle
I had to hustle, yeah (Oh)
I want the money, I want the cars, I want everything (Man, I want everything
)
Icy chain, bad broad, I want everything (I want everything)
I love my mama, that's my lady, she's my everything (Uh-huh)
If that's my dawg then that's my dawg and that'll never change (Uh-huh)

Teacher said I wouldn't make it this far
Told me I'd be dead when I'm eighteen
But now that I'm eighteen
So I'm askin' God if death close to me
Never let a nigga get too close to me
I can't even see 'em, they're like ghosts to me
Nigga know I'm a player, ain't no coachin' me
And you said that you love me, you ain't showin' me

No, you ain't showin' me, showin' me

You said that you love me, you said that you love me, but you ain't showin'
me, yeah
