

Underrated

Kevo Munev

They been sleeping on me for a minute, you heard me?
I think it's 'bout that time I wake 'em up, you know what I'm sayin'?
Kevo Munev, uh

I'm glad I'm underrated, it don't feel so bad
'Cause where I'm from, the ones you think ain't gon' do it gon' kill your ass
I was tryna get cash, days I ain't even have it
Then I dropped out of school, I didn't participate in classes, no
Lil' nigga tryna walk around like he tough
Like he can't be touched, put the fire on a nigga
Swear to God, man, I miss all my hittas
I miss all my niggas, why'd they die on a nigga?
And every ho the same, bring lies to a nigga
Tryna set a nigga up but I got eyes on the nigga
And I got my eyes on the prize, lil' nigga
So I'm lookin' both ways, cockeyed, lil' nigga

And I got a lil' more money, got a lil' more money
But that money bring a lot of more pain
Nah, I ain't tryna be your main
But she like when I rap, but she love when I sing
And I'm doin' shows and I'm fuckin' different hoes
So you know a nigga gotta have safe sex, uh
Niggas talk all that shit, but soon as a nigga slip
Swear to God, he ain't say that, uh
Nah, nigga, where I'm from, I'm from
We gon' send that shit to your face
And rule number one, what you seen, what you heard
Never say what you saw, better stay in your place
Told my granny I'ma be the man one day
Then I told my mama I'ma make a change one day
Told my granny I'ma be the man one day
Then I told my mama I'ma make a change one day
I got the toolie, I pray they don't take me out
Took all the losses, I go through it daily, man
This shit is crazy, man, I'm finna make it
They say I'm a star, but I used to be basic
And I'm good in any hood, nigga, better not play with me
But nine times out of ten, if they kill me, I bet they ain't with me
Nine times out of ten, these niggas shaky, think they safe with me
Never, nigga, on a whole 'nother level, nigga
I prayed to God, it got better, nigga
Man, used to be broke, I got cheddar, nigga
Ooh, yeah
And I got some youngins on go mode
Finna go big mode, big mode
Smokin' on strong, strong
Got me in a chokehold, chokehold, huh
Hold on, be strong
Never give up, give up
Gotta keep goin' on, goin' on, yeah

Glad I'm underrated, it don't feel so bad
'Cause where I'm from, the ones you think ain't gon' do it gon' kill your ass
I was tryna get cash, days I ain't even have it

Then I dropped out of school, I didn't participate in classes, no
Lil' nigga tryna walk around like he tough

Tryna set a nigga up but I got eyes on the nigga

So I'm lookin' both ways, cockeyed, lil' nigga

That's how I'm doin' it every time I'm in the booth
You know what I'm sayin'?
Kevo Muney, the one and only
You dig? You dig?
Yeah, yeah, yeah
Yeah, yeah, yeah
Yeah, yeah, yeah
