

# Another Life

Key

Levels, levels  
Fighting battles  
I want you back in my life  
Shadows, shadows  
Hollow, hollow  
Light's fading fast, so fast

Show me what you want on the reply  
Tell me how you feel, make it deep, babe  
Tonight, oh, tonight, yeah  
If you need my love, say you want that  
Hit the pedal and drive, we can backtrack  
Don't stop, just give your all

Like rockets, we will blaze  
Up to the outer-space  
Until we reach the roof  
Hey, what we gotta lose  
See, we're gliding now  
High above the ground  
Lift off  
Past the moon

Leave all the madness  
And let go  
To another life (Another life, another life)  
To another life (Another life, another life)  
Up to Atlantis  
Let go  
To another life (Another life, another life)  
To another life  
And we'll be alright

The air's so shallow  
Breathing is matter over my mind  
You're on my mind, yeah  
Fears will not settle  
Emotions forever, planets we fight  
Through the heights, yeah

When the bass goes boom  
Lighting we flash, opposite moods  
But you like it like that in the rumble  
With our full love, full speed, hit the thunder  
Feel the heat (Yeah, yeah)  
When you move (Yeah, yeah)  
From your feet to the groove (Through the galaxy we're riding in)

Like rockets, we will blaze  
Up to the outer-space  
Until we reach the roof  
Hey, what we gotta lose (What we gotta lose)  
See, we're gliding now  
High above the ground  
Lift off  
Past the moon

Leave all the madness  
And let go  
To another life (Another life, another life)  
To another life (Another life, another life)  
Up to Atlantis  
Let go  
To another life (Another life, another life)  
To another life  
And we'll be alright

Oh-oh-oh-oh-oh  
Oh-oh-oh-oh-oh, oh-oh-oh  
Meet me in another life  
Oh-oh-oh  
Meet me in another life  
Oh-oh-oh-oh-oh  
Oh-oh-oh-oh-oh, oh-oh-oh  
Meet me in another life  
Oh-oh-oh  
Meet me in another life

Many miles to go to reach the stars  
Oh, it's linear  
I will chase for life to where you are  
(Come on, come on)

Leave all the madness  
And let go  
To another life (Another life, another life)  
To another life (Another life, another life)  
Up to Atlantis  
Let go  
To another life (Another life, another life)  
To another life  
And we'll be alright

Oh-oh-oh-oh-oh  
Oh-oh-oh-oh-oh, oh-oh-oh  
Meet me in another life  
Oh-oh-oh  
Meet me in another life  
Oh-oh-oh-oh-oh  
Oh-oh-oh-oh-oh, oh-oh-oh  
Meet me in another life  
Oh-oh-oh  
Meet me in another life
