CoolAs

Nobody like myself
Feelin' this fly as hell
Everyday look like movie
Try to lie to yourself
I'm the truth, oh, yeah
The way I walk in the room, oh, yeah
Yeah, yeah

No matter what the angle
I'll be lookin' great though
Choir full of angels
They're singing this song everywhere I go

Ain't no point in asking what's the price 'cause I'm cool as
Everything you want, you'll get it twice 'cause I'm cool as
Everybody saying, "He's so nice, how he do that?"
Just came out the freezer, dripping ice, what I'm cool as
Ain't no point in asking what's the price 'cause I'm cool as
Everything you want, you'll get it twice 'cause I'm cool as
Everybody saying, "He's so nice, how he do that?"
Just came out the freezer, dripping ice, what I'm cool as

Turning these heads like spectacle
Green with envy like vegetable
I'm impeccable, I'm exceptional
It's just chemical, what you wanna do? Oh, yeah
I'll make it happen for you for real, oh, yeah

No matter what the angle
I'll be lookin' great though
