□□ □□ □□□□ (□□ □□□□)  
I just hate that you're happy

I'm already nobody to you  
Just a stranger worse than a bad memory  
I'll be just wiped off after being thrown away

Once more  
I reload the photo  
Checking just in case  
I hate myself and I'm sick and tired of me

Ooh ooh you still smile a lot  
Ooh ooh pretty smile to all  
Ooh ooh looking at you like that  
Ooh ooh It hurts me so bad

And I hate that I hate  
That you're happy without me  
And I pray and I pray  
I want you to be painful as much as I do baby  
I can feel the breakup falling apart alone

And I hate that I hate  
That you're happy without me  
And I pray and I pray  
I want you to regret more than I do  
If you loved me  
I just hate that you're happy

For once in your life  
I hope you can see my news anywhere  
Without knowing that I'm always waiting

For days  
Phone won't ring  
Message written and deleted many times over  
I'm just emptying my heart

Ooh ooh the breakup is perfect  
Ooh ooh even at the end you're being yourself

And I hate that I hate  
That you're happy without me  
And I pray and I pray  
I want you to be painful as much as I do baby  
I can feel the breakup falling apart alone

And I hate that I hate  
That you're happy without me  
And I pray and I pray  
I want you to regret more than I do  
If you loved me  
I just hate that you're happy

Ooh ooh  
Hate that I hate that you're happy without me  
Ooh ooh  
I still love you

And I hate that I hate  
That you're happy without me  
And I pray and I pray  
I want you to come back baby  
I can feel the breakup going towards the end

And I hate that I hate  
That you're happy without me  
And I pray and I pray  
I want you to hold me tight  
If you still love me  
I just hate that you're happy
