I Should Have Cheated

Keyshia Cole

First of all let me say You can't accuse me of all the things You know that you are guilty of And I see that it is easy for you to blame Everything on me If that's the case I should go have my fun Do all the things you say I do Boy I can't continue to take this from you

I might as well have cheated on you As much as you accused me of cheating I might as well have lied to you As much as you accused me of lying I might as well have gone to the club As much as you accused me of clubbin' I might as well have threw away my love As much as you accused me I should have cheated

Let me say I was out with somebody else When my girl told me she saw you with some girl (Some girl) But I didn't accuse you of something that I didn't see myself Realize that I wouldn't never do anything to disrespect you Trust me, you gotta stop accusing me

I might as well have cheated on you As much as you accused me of cheating I might as well have lied to you As much as you accused me of lying I might as well have gone to the club As much as you accused me of clubbin' I might as well have threw away my love As much as you accused me I should have cheated

Don't you know I wish I knew That you would treat me this way If you don't promise me That you've changed your ways I'm leaving today And I ain't coming back And you made it like that Was unfair to me All this jealousy I'm your everything What will you do without me Why you tripping?

I might as well have cheated on you As much as you accused me of cheating I might as well have lied to you As much as you accused me of lying I might as well have gone to the club As much as you accused me of clubbin' I might as well have threw away my love As much as you accused me I should have cheated I should have lied I should have cheated Maybe I should have went out to the club Or maybe I, should have done it Should have given away all my love Or maybe I, I should have played you Cause you don't appreciate me, no And I tried to stay down with you But you're making it hard for me

I might as well have cheated on you As much as you accused me of cheating I might as well have lied to you As much as you accused me of lying I might as well have gone to the club As much as you accused me of clubbin' I might as well have threw away my love As much as you accused me I should have cheated
