

# Unbothered

Keyshia Cole

I'm better than I ever been  
Everything you never been  
And I hate it for you haters, 'cause I don't plan on settlin'  
That man is mine, all mine—mine, all mine  
That money mine, all mine—mine, all mine

Wake up and look in the mirror  
Life is one hell of a picture  
Wake up and look in the mirror  
Like I got everything that I want

And I'm so unbothered  
I'm so unbothered (Ay, ay)  
Don't care what you're thinking  
'Cause I think I'm flawless (Ay, ay)  
I'm confident; I'm confident (Ay, ay)  
I'm confident; I'm confident (Ay, ay)

See, I do need the best; ain't gotta worry about the next  
Can't love nobody else if you don't love yourself  
On my grind, all about mine  
And all this shine is mine, all mine

Wake up and look in the mirror  
Like, "Girl, you look so expensive"  
Wake up and look in the mirror  
Like I got everything that I want

And I'm so unbothered  
I'm so unbothered (Ay, ay)  
Don't care what you're thinking  
'Cause I think I'm flawless (Ay, ay)  
I'm confident; I'm confident (Ay, ay)  
I'm confident; I'm confident (Ay, ay)
