

A Journey for Fools

KeyWest

How can you know me when I don't even know myself?
This year's been good so far, but last year I paid rent in hell
I feel the warning signs buzzing 'round in my head
Just let me stay a while longer
I'm not ready for the day ahead

I'm still finding my way, finding my way, finding my way back home
I'm still finding my way, finding my way, finding my way through the storm
On a voyage for mad men, a journey for fools
I'm just glad it's with you

And no man stands alone he cries
His loved ones have turned to stone, and that's life
While we sit proud on thrones of lies
A bad back for holding up our pride
I cradle my ego like a newborn child, I got my mother's eyes so
Let me stay a while longer
I'm not ready for the world outside

I'm still finding my way, finding my way, finding my way back home
I'm still finding my way, finding my way, finding my way through a storm
On a voyage for mad men, a journey for fools
I'm just glad it's with you

Oh it always comes all at once
And you're always so unprepared
It always comes all at once

I'm still finding my way, finding my way, finding my way back home
I'm still finding my way, finding my way, finding my way through a storm
On a voyage for mad men, a journey for fools
I'm just glad it's with you
I'm just glad it's with you

Oh, on a voyage for mad men, a journey for fools
I'm on a voyage for mad me, a journey for fools
I'm just glad it's with you
