

C'est la vie

KeyWest

I don't believe in miracles, I don't believe in luck
I've never been a prodigy and I ain't done that much
I'm sayin', c'est la vie, c'est la vie
I've been called a man of knowledge but I don't wear a bespoke
suit
And I'll bite my nose to spite my face and speak my point of vi
ew
I'm sayin', c'est la vie, c'est la vie

When the rain pours down and you don't know why
'Cause there ain't a cloud in the big blue sky
Mr. Play It Safe, faith is all you really need
Life will go on, c'est la vie, c'est la vie, c'est la vie

I see things with clarity but no one understands
My job brings out the worst of me and God laughs at my plans
I'm sayin', c'est la vie, c'est la vie
My heavy head still wears a crown made out of thorns
My friends all try to drag me down like I've been misinformed
I'm sayin', c'est la vie, c'est la vie

When the rain pours down and you don't know why
'Cause there ain't a cloud in the big blue sky
Mr. Play It Safe, faith is all you really need
Life will go on, c'est la vie, c'est la vie, c'est la vie
Life will go on, c'est la vie, c'est la vie, c'est la vie

When the rain pours down and you don't know why
'Cause there ain't a cloud in the big blue sky
Mr. Play It Safe, faith is all you really need
Life will go on, c'est la vie, c'est la vie, c'est la vie
Life will go on, c'est la vie, c'est la vie, c'est la vie
