

Feeling My Way In The Darkness

KeyWest

When I was young, I wasn't ready enough
Too quick to fall in love
Wasting my time
Now I'm older
I got no woman to hold
Learning how to be on my own
And I don't feel so wise

I just wanna breathe again in the sunshine
Laid out under the stars in the moonlight
I wanna be in love
Like when I was young, I was young

Oh-oh-oh, stuck in the middle
Oh-oh-oh, life is a riddle
And I'm feeling my way in the darkness
You got me feeling my way in the darkness
Oh-oh-oh, love me a little
Oh-oh-oh, life is a riddle
And I'm feeling my way in the darkness
You got me feeling my way, I'm feeling my way in the darkness

I made mistakes
And I drank away pain
Oh, I tried to be brave
And I lived a lie
Now I'm learning
There's no point in my shame
There's no point in no blame
Between you and I

I just wanna feel again like I once did
Believe again I can do this
I wanna be in love
Like when I was young, I was young

Oh-oh-oh, stuck in the middle
Oh-oh-oh, life is a riddle
And I'm feeling my way in the darkness
You got me feeling my way in the darkness
Oh-oh-oh, love me a little
Oh-oh-oh, life is a riddle
And I'm feeling my way in the darkness
You got me feeling my way, I'm feeling my way in the darkness

I just wanna feel again like I once did
Believe again I can do this
I wanna be in love
Like when I was young, I was young, oh

Oh-oh-oh, stuck in the middle
Oh-oh-oh, life is a riddle
And I'm feeling my way in the darkness
You got me feeling my way in the darkness
Oh-oh-oh, love me a little
Oh-oh-oh, life is a riddle
And I'm feeling my way in the darkness

You got me feeling my way, I'm feeling my way in the darkness
I'm feeling my way in the darkness
I'm feeling my way in the darkness
I'm feeling my way in the darkness

I'm feeling my way in the darkness
I'm feeling my way in the
