

This Summer

KeyWest

Some days I'm too scared just to go asleep
Living my life in a dream and a fantasy
Oh I been trying, I been crying
Help me I just can't breathe
I need to let her go, let her go
'Cause now I'm free, now I'm free

This summer, this summer
We're staying out, singing let's get wrecked
This summer, this summer
We're walking round like we just had sex
All the girls are with the boys check 'em out with their cut-
up denim jeans on
This summer, this summer
You can go fuck yourself

Some days I'm so glad that you're finally gone
'Cause the drink gets cold and the air gets hot
And the day is long
Oh I'm so over, I'm so over wondering what went wrong
So I'm letting go, letting go
Just thought I'd let you know

This summer, this summer
We're staying out, singing let's get wrecked
This summer, this summer
We're walking round like we just had sex
All the girls are with the boys check 'em out with their cut-
up denim jeans on
This summer, this summer
You can go fuck yourself
This summer, this summer
This summer, this summer

Raise your glass to the sun for your real friends
Raise your glass to being free

This summer, this summer
We're staying out, singing let's get wrecked
This summer, this summer
We're walking round like we just had sex
All the girls are with the boys check 'em out with their cut-
up denim jeans on
This summer, this summer
You can go fuck yourself
I can only be myself
So you can go screw yourself
This summer, this summer
I can only be myself
