

Decline

Khalid

I never thought it'd be over so quickly
What a shame
I still feel the pain deep inside of my core
I'm not the same as I was when you're with me
Should I build my grave?
Wasting away on the living room floor

I thought we were fine
Did you change your line?
I don't know if you set your mind
You're so hard to find
And I hope things were the same
But I'll take the blame
And I'll go
I thought we were fine
Do you hit "Decline"
When I call?

What am I to do all alone in the city?
'Cause I can't replace the memories of you when they start to dissolve
I thought I was okay, all of a sudden, then it hit me
I try to relax
You're not coming back to me after all (After all)

And I thought we were fine
Did you change your line?
I don't know if you set your mind
You're so hard to find
And I hope things were the same
But I'll take the blame
I thought we were fine
Do you hit "Decline"
When I call?

When I call
When I call
When I call
When I call
When I call, oh-whoa-oh
When I call, oh-whoa-oh-whoa-oh-whoa
Oh-oh-oh
