Just a little, just a little (Okay, okay)  
Just a little, just a little

Dumbstruck  
Sunroof on a sports truck  
Like my windows rolled up  
Got me feeling like  
Dance on  
Do it with your hands on  
Hold my heart for ransom  
Theivin' in the night (Okay, okay)

Mesmerized  
Go on, give me the taste I've been searching for  
Part of your tribe  
And the way that you chase got me wanting more

I can't deny  
That I'm nothing like these people make me for  
Now it's one more gram and I'm elevated ('Vated, 'vated)  
Two more hits and we'll never make it (Make it)

Dance on  
Do it with your hands on  
Hold my heart for ransom  
Theivin' in the night

Oh, we, oh, we, oh  
Oh, we, oh, we, oh  
Oh, got me way too wavy  
Oh, got me way too wavy, baby  
Oh, we, oh  
Oh, we, oh, we, oh  
Oh, got me way too wavy  
Oh, got me way too wavy, baby

The light  
Go on, give me the taste I've been searching for  
Part of your drive  
And the way that you chase got me wanting more

I can't deny (Ny)  
That I'm nothing like these people make me for  
Now it's one more gram and I'm elevated ('Vated, 'vated)  
Two more hits and we'll never make it (Make it)
