

Go Crazy

Khalid

Been me my whole life
Tryna shine in my own light
I ain't worried 'bout nobody else
Or who you actin' like
Yeah that's right, don't come my way
Y'all bandwagon tryna ride that wave
It's just me, myself, and I
And now these haters call me crazy

Go Crazy [x8]
Go Crazy (Go Crazy) [x4]

I rap like I'm not free
I spit crack and that's on me
I was laughin' at the facts
And now I'm back to packin' beats
Pacquiao had never seen what them choppers do with that heat
Call them rappers Roger Rabbit
Blame the actors for the streets
I blame the trappers for the streets
If they cappin', you deceased
All I hear is PAP PAP PAP
Blood on his jeans, they made a crease
What's the reason to be grievin'
People dying every week
I eat these rappers, no napkins, don't care what happens after me
I'm no normal rapper
I wanna hold your hand girl
You know I can't the laughter
And I can slow-mo faster
I low-key don't know what you gonna do when you get back here
And I might just go El polio loco porno actor
Cause I

Been me my whole life
Tryna shine in my own light
I ain't worried 'bout nobody else
Or who you actin' like
Yeah that's right, don't come my way
Y'all bandwagon tryna ride that wave
It's just me, myself, and I
And now these haters call me crazy

Go Crazy [x8]
Go Crazy (Go Crazy) [x4]

You tryna ride that wave
Been rapping my whole life and yeah that's each and everyday
You acting salty, you get laid
I'm working towards a billion, I can't wait 'til I get paid
And if it don't seem like I'm working live my life from day to day
Day to day
But they so weak
I'm tryna be the best on every song you see me on
And I'm grindin' to the T-o-p
You know I spit dope
Hope you don't O.D

I'm comin' at ya throat
Make these other rappers choke
You a broke boy, get yo cheese
Don't let nobody tell you nothing
Rather live on my feet than die on my knees
I grind with no motto
Cuttin' anybody off no Zorro
Nowadays everybody think they boppin'
But, don't nobody wanna come see my bro
Wasn't sellin' white
I be flyer than a kite
I'm not tryna be nobody else
They call me crazy just because I

Been me my whole life
Tryna shine in my own light
I ain't worried 'bout nobody else
Or who you actin' like
Yeah that's right, don't come my way
Y'all bandwagon tryna ride that wave
It's just me, myself, and I
And now these haters call me crazy

Go Crazy [x8]
